## Company Background

Chula Vista Alarm Inc. dba: CVA Security was founded in 1976, our vision was to provide electronic security and peace of mind to the local residents of this neighborhood at competitive prices and we've earned an impeccable reputation in being a company that believes in integrity and honesty by treating our customers as family, no detail is too small. We don't believe in sales gimmicks, our satisfied customers are our best sales people, because they refer us constantly.

## Why choose CVA Security?

- We are a local small business family owned and operated since 1976.
- We have over 32 years of electronic security experience and excellent customer service.
- We are members of the BBB in good standing.
- We design custom Security Systems to protect each customer according to their specific needs.
- High quality workmanship, with honesty and integrity.
- Dependable and lasting relationships with customers.
